

## Year 8 Options 2018-19

Year 8 students are now at a point where they need to start to consider their option choices which they will start in Year 9. Up until now the subjects they have followed have been chosen for them. This is now changing and they have some choice about what they will study in years 9, 10 and 11. The choices include subjects they have taken before and there will also be some new subjects available.

The curriculum has been designed to give them the best possible chance of success no matter what their strengths are, and enable them to achieve their ambitions and meet their potential. It is broad and balanced and will provide the basis for future progression.

The deadline for them to have made their decision about their option choices is **7 February**. Over the next few weeks there will be opportunities for both parents and students to find out information about the curriculum for years 9, 10 and 11.

When making their choices students need to consider their ability, interest/motivation and any ideas they have about their future education and career. They should read the options information booklet (which can be found by following the link below) carefully to help them with this and discuss their choices with parents, teachers, older students and others before making their final decision.

### **Options Booklet**

The options booklet outlining the curriculum from Year 9 and option choices available can be found by following the link:

<http://www.spexe.org/options-year-8/>

## Core Curriculum

All students will study the **Core Subjects** which are compulsory. These are:

English Language	English Literature	Mathematics	Separate Science	Religious Education	Core PE (non-exam)
------------------	--------------------	-------------	------------------	---------------------	--------------------

## Option Choices

In addition to the Core Subjects studied you have three option choices which are as follows:

### Option 1

You must choose **one subject** from History, Geography or a Modern Foreign Language as listed below:

History	Geography	French	German	Spanish
---------	-----------	--------	--------	---------

### Options 2 and 3

You must also choose **two subjects** from those listed below:

BTEC PE	Food and Nutrition	BTEC Digital IT
BTEC Travel and Tourism	Engineering Studies	Maths - FSMQ
Computing	French	Maths - Statistics
Dance	Geography	Music
Design and Technology	Graphic Design	Photography
Drama	German	PE
Fine Art	History	Spanish

## Making the Best Selection for You

Choosing the subjects you want to study in Years 9, 10 and 11 takes time and needs careful thought. Your parents, your tutor, your teachers, your friends, careers advisors and others will all help you with your decisions. You will need to do some research and we can help you with that. Our advice when considering your subject choice is to choose subjects that:

- You are most likely to work enthusiastically, perform best in and succeed at.
- You think you will enjoy and you feel you are good at.
- Provide a balance and variety. By keeping a balance at this stage, you will not close off future options.
- You may need for your future education and/or career path.

If you want to find out more about careers, go and see our careers coordinator Mrs Falconer whose office is in the library, she will be able to advise you.

### **SOME DOs and DON'Ts**

- Do talk to parents, subject teachers, your form tutor, Head of Year, older students, careers staff—they are all here to help.
- Do read the subject details in the options booklet carefully and ask if you need to know more.
- Do opt for a balanced choice of subjects to keep open future careers and study options.
- Do choose subjects you enjoy.
  
- Don't choose a subject just because you like a particular teacher or avoid a subject because you dislike a teacher (you may well have a different teacher next year).
- Don't choose a subject because your friends are choosing it. You are deciding about **your** future and they may not be in the same group as you.
- Don't choose a subject because you think it is an easy choice.
